A Professional Web & Graphic Designer

## WORK EXPERIENCE

### 2018-2020 | GRAPHIC DESIGNER

#### Genetech, United States

I Led a team that focused on providing designs to e-commerce websites. Completed most orders in a 6-month period and won the perfect designer award.

### 2016-2018 | WEB DESIGNER

#### Comsoft, United States

I worked on testing and improving their websites' designs. Worked with different content management systems and prepared plans for website structure and design.

## EDUCATION

### 2014 -2016 | Masters in Information Technology

#### Massachusetts Institute of Technology, United States

The field of my research in the post-graduation degree was "The role of the efficient interface in medical applications."

### 2010-2014 | Bachelors in Computer Science

#### Columbia University, United States

I had 4.0 CGPA in my undergraduate degree. My project got the first position at the international level that helped me won a gold medal.
